Mother — Mother — Sister

He is calling — calling.

Through the long hours of bitter pain from his hospital cot, he is calling for mother or sister. Over here, far from that war stricken lands, they must feel his desperate needs. But what can they do? Oh! the infinite longing to be with him in his hour of suffering.

But the Red Cross nurse is there. All that mother's sister's hands cannot do, she achieves. All that love would inspire, she achieves.

But what can the mothers and sisters of the six hundred Bedford County boys now in the army do? They must each one give, they must personally see to it that everyone gives, that no one fails to give, and that each gives to the limit of his or her ability.

A canvass will be made next week for the Red Cross War Fund. Our poured-out dollars must answer.

The young couple slipped quietly away to enjoy their honeymoon undisturbed until furlough expires.

JAMES GORDON BENNETT

The death of James Gordon Bennett, who died May 14 in France, removes from the world's arena one of its greatest newspaper men. He established the New York Herald 83 years ago and made it one of the world's most influential newspapers.

He was no respecter of persons having no more use for celebrities than for a common laborer. He sent Stanley at the expense of his paper to explore Africa. Stanley was on the staff of the Herald and he wrote glowing stories of his travels and explorations. They may have been hot air, however they took with the public and established the New York Herald. In 1914 Bennett married a baroness in Paris, widow of George Julius de Reuter, son of the founder of the British telegraphic news service. He lived in Paris and directed his paper in New York from "Over the Top."

BEDFORD CO. QUOTA \$30,000

Drive to be Made in Bedford County, May 20th—27th.

With the Third Liberty Loan Campaign over and a huge success, interest now centres in the American Red Cross Second War Fund Campaign, which will open on Monday, May 20th.

The week of May 20th—27th has been set as the date for this campaign to raise \$100,000,000 for the Red Cross War Fund.

The Bedford County Chapter of the American Red Cross through the Campaign Manager, W. H. Solomon, Hyndman, Pa., is preparing to send out literature, posters etc., to the chairman in each and every district throughout the county.

The statement which follows shows the amount assigned to each district in order to meet the quota asked for Bedford County.

The Red Cross performs a very important work in co-operating with our army and navy in the care of wounded and the general comfort of the soldiers and sailors. Do most of us fully realize that the Red Cross is performing a great new task of vast importance in helping pay the debt we owe those nations who for three years have borne the brunt of this great struggle.

EPWORTH LEAGUE ENTERTAINS MOTHERS OF SOLDIERS

The second Social given by the Methodist Epworth League in honor of the boys from Bedford and vicinity in Military Service, was that of Monday evening, when the Soldiers' Mothers were entertained royally by that organization in the Methodist Church.

Rev. J. T. Bell, pastor gave a short Address of Welcome which was followed by the following Literary program: Musical numbers by the High School, Orchestra; Cornet Solo, Edward Pate; Cello Solo, Rev. Harper; Vocal Duet, Miss Bess Corle and Mrs. Charles Lee; two numbers by costumed Camp-fire girls and Scouts; also Readings by Mrs. Vesta Long and Miss Lillian Mock.

Following the literary program, thirty-five mothers and representatives present each gave a short talk on their boy's war.

This period proved one of the most enjoyable of the evening.

A happy diversion was that of singing out the photographs of "the boys" as pictured both in babyhood and later in Khaki suits, the Committee (in charge of Miss Bain and Mrs. Long) having all photos mounted on screens about the room.

The social was under the general direction of the Fourth Vice president of the League, Mrs. Chas. Lee, Chairman.

Interesting and Amusing Side Lights for the Letter "E."

Some one is responsible for the opinion that the letter "e" is the most unfortunate letter in the English Alphabet, because "it is always out of cash, forever in debt, never out of danger and in hell all the time." It has its fortunate office to perform also, because it is never in war, and always in peace. It is the beginning of existence, the commencement of ease, and the end of trouble. Without it there would be no meat, no life, no heaven. It is the center of honesty, makes love complete which ends in marriage. Can you assign any better uses for the letter "E."

Blanche and Mr. and Mrs. M. D. Myer's spent Sunday at the home of Mr. and Mrs. George Horn.

Mrs. Howard Diehl and Mrs. Alden Carpenter were Cumberland shoppers Wednesday.

Miss Isiah Hixon of Everett, spent the week end at the William Shoemaker home.

Dicken, aged 76 past, a native of lower Cumberland Valley township died last Thursday at the home of his daughter, Mrs. Myrtle Long at La Vale two miles west of Cumberland after a lingering illness. He had been at Johns Hopkins hospital, Baltimore, last fall and winter and had come back improved and was going about but was taken worse last week. He dealt considerably in stock timber and real estate and owned considerable land most of which he sold to the city of Cumberland for the water site. His funeral took place Sunday morning at Bethel M. E. Church in Cumberland with burial in the Bethel cemetery. He was married to Malinda Gurly who died only a few years ago. He leaves surviving wife, following sons, John B. Dicken and Harry M. Dicken both living near Cumberland and three daughters, Mrs. Missouri Rice, wife of Wm. H. COME TO THE RESCUE.

HELP THE NEEDY

Suppose any American Soldier dragged his sorely wounded body to your steps—and with his fast waning strength rapped at your door. What would you do? What would every loyal American do?

The best room in your home, the best care and attention would be given to good. You would do everything in your power to aid and comfort him, not merely as a duty, but with thankfulness that you could help.

He is knocking at your door now, not in the flesh, perhaps, but none the less in reality, because he is far away in France.

You can help him by giving to the Red Cross.

The contribution you make will give him aid and comfort, perhaps save his life, just as surely as if you took him into your own home and ministered to him with your own hands. Give freely and thank God that you can help. Make it your sacred duty to sacrifice, just as our boys felt it their duty to sacrifice their all for you and yours.

Memorial Day Proclamation

President Wilson Designates May 30 a Day of "Public Humiliation, Prayer, Fasting" in the United States.

WASHINGTON, D. C.—The following proclamation, setting aside May 30 as a National Day, has been issued by President Wilson:

By the President of the United States: A Proclamation Whereas, the Congress of the United States on the second day of April last issued the following resolution: "Resolved by the Senate (the House of Representatives concurring) That it be a duty peculiarly incumbent on the people of the United States to acknowledge their dependence on Almighty God and to implore His aid and protection, the President of the United States, he is hereby respectfully requested to recommend a day of public humiliation, prayer and fasting, to be observed by the people of the United States, with religious solemnity and the offering of fervent supplications to Almighty God for the safety and welfare of our country, His restoration of our arms, and lasting peace to the nations of the earth;" and whereas, it has always been the reverent habit of the people of the United States to turn in humble appeal to Almighty God for His guidance in the affairs of their common life;

Now, therefore, I, Woodrow Wilson, President of the United States of America, do hereby proclaim Thursday, the 30th of May, a day dedicated to the sacred duty of public humiliation, prayer and fasting, and do exhort my fellow-citizens of all faiths and creeds to assemble on that day in their homes, in their churches, and in their places of worship, and there, as well as in their hearts, to pray Almighty God that He may forgive our sins and shortcomings as a people and pity our hearts to see and love the truth, to accept and defend all things that are just and right, and to purpose only those righteous acts and judgments which are in conformity with His will; beseeching Him that He will give victory to our Armies as they fight for freedom, wisdom to those who take counsel on our behalf in these days of dark struggle and perplexity and steadfastness to our people to make sacrifice to the utmost in support of what is just and true, bringing us at last the peace in which men's hearts can be at rest because it is founded upon mercy, justice and good will.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this 17th day of May, in the year of our Lord, 1918, and of the independence of the United States the 121st.

SNYDER'S TRAVELETTE

After getting "Maud, S." back from her "walk off" I walked her out the Black Valley sand pike to Mr. Burkets and from there up to Valentine Redingers where I stayed over night. They live up higher than their neighbors with the mountain for a back ground and half the hemisphere in front, with mountain water in plenty. They are a young couple but have an uncle for general boss and hostler, but he is afraid of the maidens. From here I went to John Conner's. He is married to a Jay and has a daughter as lively as they grow who wanted to read the Hog Wallow News to keep her out of mischief. When I reached the Morris farm I found the driveway to the house was crowding the field. Mrs. Ellen Pennell was there, pretty as ever, but not as girlish as she was when living in Blues Gap fifty years ago when she had a new beau every Sunday. I went to Chap Beck's to inspect his good prospect there for sons-in-law. One daughter however is a school teacher and may continue so for she looked very sedate. Chap don't get an inch "purlier" than he was 50 years ago when he was spruced up. I stopped at Frank Fletcher's to see his sick wife, as I expected, and found her cleaning house as though she had never been to a hospital. She is worth a dozen of corpses and if she continues to read the Hog Wallow she will lay Frank in the shade. I met Mike Bartholow at Johnson's. He has wonderfully improved in looks and yet there is room. Miss Millie Johnson made a promise which she seems to want to keep, at least she has not given it away. I moved on down the valley to John Potts He and Mrs. Potts are determined to get rich by hard work. Mrs. Potts can outwork any man in Black Valley. She called me a bad name but that was not her fault so I forgive her this time but if she ever

RED CROSS CANTEENS; JUST WHAT THEY ARE

American Woman Tells Vividly of Her Canteen—The Gayest, Brightest Little Room One Ever Saw.

NEVER SO PROUD OF ANYTHING IN ALL HER LIFE

Just what a Red Cross canteen is, how it is outfitted, and the hundred problems the American women have to meet in feeding the French, English and American soldiers is well shown in this letter from an American Red Cross worker:

We have really a wonderful place. It was given to us so rough and plain and ugly. I had a coat of plaster put on the walls, painted a bright blue wainscot three feet high with a stencil of flowers of red, white and blue above, white walls and ceiling, doors and windows outlined with light green, and stencils of bright colors between the windows of trumpets, and over the five doors delicious little paintings by Miss Kirkpatrick and Miss Beckett of soldiers and canteeners in the most clever and attractive way.

Brightest Little Room.

At the end of the room we have two girls, one American and one French, holding French and American flags. We have red and white oilcloth on the tables, red glass carafes and red turkey window curtains, and always flowers on the counters. It is the gayest, brightest little room you ever saw. However, it only holds about 120 men seated at the tables and it is to be used as a recreation room and even movies. Our big room is to have a huge kitchen and seats for 1,000 men or over, and will open right on to the platform. It is to be decorated by an artist from the Beaux Art, as Miss Beckett has gone and Miss Kirkpatrick is too busy.

It will really be a splendid big place and we can work in comfort instead of being put in straits as we are now in to feed so many men with only six gas burners in a long row. We make the coffee, soup, cocoa, and regout or sometimes regular Irish stew on our stoves and the roasts are cooked for us gratuitously at the bakers'. All food except coffee, meat, cocoa and sugar is cheap down here. It is the garden district of France. All the men are so pleased and grateful and we get such post cards and thanks. We have stewed apples, stewed dates and figs for deserts and I tell you it keeps us hopping to keep things going. Sometimes we run out of meat and then we fry eggs for them and they love them. The dormitories are wonderful. I never was so proud of anything before. Two Hundred canvas stretchers for beds. We never used them before, but we can keep them clean and put them outside if there is any vermin.

Model of Cleanliness.

We have a splendid fumigating plant and an incinerator, and the place is a model of cleanliness. All the men take off their wet and dirty boots. We have good felt slippers for them, two woolen blankets for each bed, two big stoves and an orderly that wakes them for their trains, good shower baths and wash rooms and altogether, when the big room is finished, it will be a model of everything it should be, particularly as our last touch is a barber. Last year the men slept in the road. We have adopted the Auberger sabots as the only sensible footwear as the roads and our floors are always wet.

TOO YOUNG TO KEEP GAS MASKS ON

Many people say: "Why doesn't the government do the work of the Red Cross?" There is no better reply to this question than to cite some of the activities of the American Red Cross.

Last August the American Red Cross issued an order for an automobile to be given to a French hospital for children of Toul, near Nancy. A lot of chintzes for the bedrooms were sent down to brighten them up, a lot of toys for the children—French children brought in from the war zones, too young to keep on their gas masks. Today ten Red Cross automobiles are hauling to Red Cross hospitals in France French children whose parents, held in slavery in Germany, are now being dumped every day at Evian, on the Franco-Swiss border.

Fancy our government doing that for French children. Yet it must be done if the French morale behind the lines is to be kept up. These deeds of the American Red Cross are just as much a part of our military policy in France and Italy as though they were done under articles of war.

How to Cut down your Fuel Expenses

THINK how much coal you burn in a range when you're not cooking. That's all wasted—money thrown away. And Uncle Sam wants every housewife who can, to save coal. Here is a good way for you to do your part. Use an oil cook stove instead of the fuel-wasting coal range. Then the only time you use fuel is when you are cooking. And that fuel, kerosene, is much more economical than coal.

NEW PERFECTION OIL COOK STOVES

not only give most satisfactory results—they save steps in house work and do all the cooking just as well (usually better) than a coal range.

Think how easy it is to strike a match and have an intense heat in less than a minute. No coal or wood to carry. No getting down on hands and knees to rake and poke at the fire. Your New Perfection is always ready when you are.

But after you do get your New Perfection be careful what kind of kerosene you use. There is only one kind that will always give most satisfactory results. It is called Atlantic Rayolight Oil to distinguish it from the other kinds. Ask for it by name. Atlantic Rayolight Oil is so highly refined that it burns without smoke, smell or sputter. Gives a more intense heat, too.

Select your New Perfection Oil Cook stove now. There's a dealer near you.

Certain-teed

Roofing

The roof that copes with all conditions.

Sparks, smoke, gases, acids or fumes have no effect on a *Certain-teed* roof. Rust cannot corrode *Certain-teed*. The heat of the sun cannot cause it to melt or run. *Certain-teed* has the ability to resist every form of roofing attack, and the durability to give year after year of weather proof service, with little or no maintenance cost. *Certain-teed* offers every practical roofing advantage with a minimum roofing investment.

In every town, city and section you will find *Certain-teed*. Everywhere *Certain-teed* is chosen for buildings of all types and sizes.

for factories, round houses, elevators, garages, warehouses, hotels, farm buildings, stores, outbuildings, etc.

In artistic red or green shingles, *Certain-teed* is very popular for residences.

Guaranteed 5, 10 or 15 years, according to thickness. *Certain-teed* costs less than any other type of roof—first cost and laying cost low, and maintenance practically nothing. *Certain-teed* is more economical than ordinary roll roofing, because it costs no more to lay and lasts much longer.

Fewer Gallons—Wears Longer

It contains no whiting, silica, china clay or other such stuff. It is made of the same pure ingredients that the old-time paint has used: Pure White Lead, Pure White Zinc, Pure Linseed Oil, *and nothing else.* Devoe is mixed by machinery, 1000 gallons at a time. That makes it absolutely uniform in strength, color and covering capacity—always the same, fewer gallons, too.

Let us show you the real economy of painting with Devoe paint. We will be glad to send you a copy of the practical booklet—"Keep Your Paintings in Good Appearance Up and Expenses Down."

Catarhal Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrh of the Ear that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

Nudges by Philip's Boy

The fight managers can't get a place for Jess Willard and Fulton to fight. They should try Chaneyville. Many a big fight has been pulled off there and there were no objections.

A boy will work much if you make him believe it is part play. Much hard work can be turned into play if managed right.

Twenty years ago (May 1) the battle of Manila Bay was fought, and Admiral Dewey became a national hero. He warned the Germans then to keep out of the way of his guns when they talked of entering Manila and they kept out. It is hoped we will soon have some more men behind the guns like Dewey had.

Girls all know their first name, but not what their last name will be. They can't even guess it.

Sergeant Waddington who has charge of the recruiting station at Cumberland has been arrested and held in \$1000 bail for the October court for beating his young wife, a student nurse who recently married him. This is a warning to girls to be more careful about going crazy over uniforms. Look well before you leap to marry strangers.

The world is getting better. We seldom see any red neckties worn any more.

Bury your hatchets. It doesn't pay to worry over past troubles these war times. Forget the past and guard yourselves in the future. You and your neighbor may meet at St. Peter's gate and neither get in if you don't drop your grievances.

We may put up with wheatless and meatless days but not the eatless. That gets next to where we live.

Eliminate the rooster at the end of the hatching season. Fifteen million dollars is lost each year by allowing the rooster to run with hens during the summer months. Produce the infertile egg. Dispose of the male bird not later than June 1. Market a better quality of eggs.

If you want a taste of war at home go and dig a trench through that wet place on your farm. That will be war enough for one man.

Candidates are abroad in the land. Look up their home records before you vote at the primaries May 21. Don't just throw up a paddle with spit on one side and the other dry and take chances that way. The wrong side may turn up.

Some think we could have kept out of this war but we are in it and must fight to get out. It's no use now to talk over the past, we must fight in some way for the future.

The Cumberland News reports that John Wertz and Narr Hite took out a marriage license there.

Ratification of National Prohibition Amendment the Issue in the Primary Campaign

The all-important issue before the people of Bedford County is the ratification of the National Prohibition Amendment by the next Legislature, and candidates are to be nominated at the primary election on May 21st, who will vote when elected on this question. The fight against the E. of Intemperance and the licensed saloon has been waged here for many years, and now the supreme offensive movement is begun to forever drive the manufacture and sale of intoxicating liquors from the United States.

We must not be misled. The pledge of a candidate, who is identified with the leaders in the party who have always been the champion of the temperance cause, cannot be taken at its face value. This is no time to support a dodger.

Perhaps it will require the sacrifice of time to attend the primary, but temperance people can be certain that the opposition will attend. The polls will be open from 7 a. m. to 7 p. m. Let us show our devotion to our principles, attend the primary, and if our "dry" neighbor has no conscience, take him along with us to the election.

The candidate for State Senator who is not identified with any faction or in any manner connected with the liquor interests, is John S. Miller of Somerset. He is a lawyer, former district attorney of Somerset County, and the ardent foe of the saloon for years. He has the endorsement of all the temperance organizations of the district. For the House, Dr. S. Howard Gump, a dentist, of Everett, can be relied upon to faithfully represent the temperance people of Bedford County. Every Republican is urged to vote for these candidates.

FOR STATE SENATOR

JOHN S. MILLER,
of Somerset, Pa.

Candidate of the united dry forces embodied in the Dry Federation of Pennsylvania. Although practicing law since 1907, Mr. Miller has never handled a liquor license petition, but has ever since his admission to the bar represented the remonstrants. In politics Mr. Miller is and always has been a loyal Republican and believes in a United Republican Party. Being a practical farmer as well as lawyer, and prominently connected with the agricultural organizations of Somerset County, including the Grange, County Farm Bureau, and Agricultural Society, Mr. Miller is in close sympathy with the farming interests and well fitted to look after the agricultural interests of the 36th Senatorial District, Harrisburg. He is also keenly appreciative of the interests of the workman and favors legislation giving him a square deal. He has the assurance of the hearty support of the farm and labor vote. Adv.

Strengthen America

"Personal Liberty" ---and your body

You CAN'T do as you please in a democracy—not even with the things that are most precious to you.

There's your body—you've tenderly cared for it all through its life—suppose you try to kill it—to commit suicide.

If you succeed, Billy Sunday says you'll go to hell!

If you fail, the law says you'll go to jail!

But suppose tomorrow morning the conscription officer should call on you to go to war, with the chances that your precious body would be shot to pieces in the trenches.

And suppose you were to say to the conscription officer: "Go away, mister, I don't believe in war—I'm for peace!"

It wouldn't matter WHAT you believed about war—you'd go to the front! What you DARED not do to your OWN body, the state has a RIGHT to do, because, in a democracy, the chief consideration is not the individual but society, or the state.

But you wouldn't wait to have the conscription officer COMPEL you to go to war,—you'd go because—and now read this carefully—because you want to do all you can "to make the world safe for DEMOCRACY!"

You are ready to sacrifice, that OTHERS may be blessed.

That's why we are asking you to surrender your "personal liberty" in regard to the liquor question. We want you to consider this matter from the standpoint of a citizen whose chief concern is for the welfare of ALL the people.

If you will look at this question in the broadest fashion possible, there'll be no doubt where you'll stand.

If you believe that the traffic of Alcohol does more harm than good—Help Stop It!

"A great net of mercy drawn through
an ocean of unspeakable pain"

"I'm afraid that's all I can spare"

You're a regular, red-blooded, true-blue American. You love your country. You love that flapping, snapping old flag. Your heart thumps hard when the troops tramp by. You're *loyal*--100%!

You intend to--you *want* to--help win the war in a hurry.

"Sacrifice? Sure," you've been thinking. "Just you wait till they really need it." And you've honestly thought you *meant* that too.

But--look yourself in the eye, now, and search up and down inside of your heart--*did* you mean it? *Did* you really mean "sacrifice"?

Listen: You feel poor. This third Liberty Loan, the high prices, the Income Tax--you've *done* your bit. You feel that you've given all you can spare.

What? Then what *did* you mean? What's that you said about loving your country? What did you think the word "sacrifice" means?

Surely you didn't mean, did you, to give only what you can *spare*? What about our boys who are giving their lives in the trenches? Are *they* giving only what they can "spare"?

How about those mothers and little "kiddies" in the shell-wrecked towns of that war-swept hell--hungry--ragged--sobbing--alone? Giving up their homes, their husbands, their fathers.

While *we*--over here with our fun and our comforts--we hold up our heads and feel *patriotic* because we have given--*what?* Some loose bills off the top of our roll. "*We've* given all we can spare!"

Come, come! Let's quit fooling ourselves. Let us learn what "sacrifice" *means*. Let us give *more* than we can spare--let us "give till the heart says stop."

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard--and thus helping to win the war.

Congress authorizes it

President Wilson heads it

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

Tragedy of Childhood.
Nothing is more desperate than to deceive a child in any way. Their plastic young minds receive and hold impressions that we can never eradicate, try we ever so hard. In spite of all the grownups can say the little ones never feel the same love and respect for those who have deceived them. Even careless funmaking may leave the scar which nothing can quite eradicate. Do not break a promise to a child, and do not lie to it, even in fun, for the great tragedy of childhood is to lose faith.

ONE HUNDRED AND ONE GERMAN LIES

(Continued from Last Week.)
LIE No. 88. J. H. Gibbs of Vogt, Mo., writes The Republic that a merchant in Bunker, Mo., is telling the people there that thousands of tons of wheat, being shipped to France by the United States, is being made into whiskey and sold to the soldiers. He said he could furnish the name of the story-teller and the proof, if necessary.

(Everybody knows, or should know that the American soldiers are not allowed to drink whiskey, either at home or abroad, and that hundreds of saloons here have been closed for selling liquor to soldiers. Gen. Pershing in France is not allowing the soldiers more license there than they have in the United States.)

LIE No. 89. A Hamburg, Mo., woman has written to the Republic that she has been told that all knitted articles sent from America to France are knitted too loosely and must be raveled out and worked over before the garments can be worn.

(This is pure bunk—nothing more. Meant for nothing but to discourage knitting activities here. If it were true the Government would not permit the shipment of sweaters and other garments, and would not allow the Red Cross, official relief branch of the army, to encourage the work.)

LIE No. 90. J. Richard Garstang, an attorney of Chamois, Mo., reports that a retail merchant of that place is circulating the tale that in Gasconade County, relatives received the bodies of two soldiers, sent back from camp for burial, with the caskets marked "Contagious, Do Not Open." It was further averred that when the parents opened the caskets, the soldiers were found to have two bullet holes each in their heads.

(This faint attempt to jam the machinery of the National Army furnishes denial in itself. The War Department has announced repeatedly that official publication of all deaths in the National Army will be made regardless of the nature of such deaths. If soldiers are to be shot, notification of their death penalty will be spread broadcast as a warning to others. Just another morsel for the unintelligent to chew on is this obviously pro-German lie.)

LIE No. 91. A report from Cuba said the body of a soldier, who died at Camp Funston, had been shipped by express to his widow C. O. D. who had to procure the sum from friends, being herself without funds.

(This report has been denied before, it being the revival of a tale which could be circulated without eliciting any immediate facts. The body in question was found to have

been accompanied by an officer from Camp Funston, with all expenses paid by the Government.)

LIE No. 92. Similar to the Cuba case is this from Steelville: The body of a soldier, who died at Camp Funston, was sent to his mother with charges, collect, the woman having to pay between \$20 and \$30.

(A letter was sent to the railroad agent at Steelville, asking him to verify the report. He wrote back: "The report is a lie. The body of Thomas Gruver was sent here collect, but the Government paid all of the charges from this end. They handle all of their shipments that way.")

LIE No. 93. J. B. Hinchey of St. Louis told The Republic he had heard reports that 15 to 18 aviators are killed daily at Scott Field, near Belleville, about which the public hears nothing. He said this report no doubt caused anxiety among mothers whose sons are now or will be in the aviation service.

(It is just this purpose for which such pro-German bunk is circulated. The War Department is giving to the public information of every death that occurs anywhere in the army no matter in what branch, and without regard to whether death results from natural or accidental causes.)

LIE No. 94. A St. Louis woman writes The Republic of hearing the story that all our wheat is sent abroad to make whiskey. She said she had heard of a woman who refused to sign the Hoover pledge on the ground that she would not do without wheat flour because whiskey is made of all that is sent abroad.

(This is clearly more "bunk" to hamper the Government's conservation work. The views of this country on the whiskey question are too clear now to give any reason for belief in such a story. Besides, but little wheat is used in making whiskey.)

LIE No. 95. Report of another story, alleging poor treatment of soldiers in the army camps, comes from D. C. Boydston of Atlanta, Mo., who said he heard two women talking over the telephone. One of the women, Boydston writes, has a nephew at Camp Doniphan, where, according to the reported telephone conversation, he had to dig in trenches at night while suffering from pneumonia.

(This lie is so plainly nothing but "bunk" of pro-German kind, it hardly needs refuting again. It is common knowledge among those who have seen the camps or talked with men on leave that they are thriving on the treatment received.)

San Cura Ointment Relieves Pain, Draws Out Poison and Heals Promptly.

There is no better remedy for burns cuts and bruises than the antiseptic and healing ointment called San Cura.

Every person ought to have a jar on hand; it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments be sides.

For example, it is guaranteed by Ed. D. Heckerman to relieve itching, bleeding and protruding piles, eczema, tetter, ulcers, salt rheum, boils, carbuncles and pimples, or money back.

In case of old running sores, no matter how long standing, a few poultices of San Cura Ointment will draw out the poison, and leave them in such a thoroughly aseptic condition that they will heal promptly.

We advise every reader to get a jar of San Cura Ointment today, and keep it ready for an accident or emergency that may happen. 30c, 60c and \$1.20 a jar at Ed. D. Heckerman on the money back plan.

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It removes pimples and blackheads, too. 25 cents a cake at Ed. D. Heckerman's.

GOLDEN TEXT—He shall guide you into all the truth.—John 16:13.

1. Jesus Officially Presented to the Jewish Nation as King (vv. 1-11). This should not be designated the "triumphal entry," for it was only in outward appearances. The shouts were empty and meaningless. It was the promised King publicly offering himself to the nation.

1. The preparation (vv. 1-6).
(1) Two disciples sent for the ass (vv. 1-3).

He told them just where to go to find it, and how to answer the owner's inquiry. This shows how perfectly the Lord knows our ways. His matchless gaze beholds all that we think or do, by day or night. It also shows that God uses unlikely and insignificant things in the accomplishment of his purposes. The providing of this animal was the working out of the Divine plan according to Christ's foreknowledge.

(2) Obedience of the disciples (vv. 4-6).
Without asking why, they go at his bidding. The command may have seemed strange and unreasonable, but they rendered explicit obedience. The true disciple will render full and glad obedience, no matter how strange or unreasonable the command may seem.

2. The entry into the city of Jerusalem (vv. 7-10).
(1) The disciples put their garments upon the ass and set the Lord upon it (v. 7).

This act showed their recognition of him as their king (2 Kings 9:13).
(2) The multitude.

Some spread their garments in the way; others who had no garments to spare, cut down branches and strewed them in the way, which was just as acceptable unto him. To give what we have and do what we can, is all that the Lord demands of us. This entry was in fulfillment of a prophecy uttered some five hundred years before (Zech. 9:9).

(3) The Lord's action (v. 10).
Upon entering the Temple, he looked around upon all things; but as it was eventide he withdrew to Bethany with the twelve.

11. Jesus Exercising His Royal Authority (vv. 12-19). 1. The barren fig tree cursed (vv. 12-14). The fig tree is typical of the Jewish nation. The fruit normally appears on the fig tree ahead of the leaves. The presence of leaves is the assurance of fruit. This was an acted parable of the Lord's judgment on Israel for pretension of being the chosen people without the fruits thereof. It indicated the spiritual state of the Jews.

2. The Temple cleansed (vv. 15-19).
For the various sacrifices in the Temple, many oxen, sheep and doves were needed. Many persons came from the distant parts of the land; therefore it was impracticable for them to bring their sacrifices with them, so they brought money and bought the animals needed. This privilege the law had granted to them (Deut. 14:24-26), for the exchange was necessary. When evil men used it as an opportunity for gain, it became an offense before God. It defiled his house. He made himself a scourge of cords, and drove out the money changers, overthrowing their tables and pouring out their money. By this act he declared himself to be the Lord of the Temple and one with God. That which God intended to be a house of prayer for all nations was being made a "den of thieves."

(11. Jesus' Authority Challenged (vv. 27-33). They challenged him to show by what authority he accepted the honors of the Messiah, and who gave him the authority to cast out the money-changers. This placed Jesus in a dilemma. He responded by a question which placed them in a counter-dilemma.

Since John was his forerunner, the divinity of his commission rested upon that of John. They were powerless to discredit John, because the people accepted John as such. If they had accepted John's message, they would have been prepared to accept his. They cowardly confessed that they did not know. The apostle is always a coward. These rulers had no affection for Jesus, so they rejected him and sought to destroy him. It is the same today. The reason men reject Jesus is not because of intellectual difficulties, but because of the lack of affection for him.

DUTY'S CALL

Sound to Every American.

To some it means the shouldering of arms; to those of us at home it means service by saving.

A Savings Account with this Institution is an effective weapon in the hands of man, woman or child.

It safeguards against surprise attacks of misfortune; it opens the road to opportunity; it holds out promise of a peaceful future.

We cordially welcome new accounts.

Keep on Helping---Make Your Pledge This Week.

You've been asked in many ways to help your country. You've responded nobly: but DON'T STOP NOW.

The Government is selling War Saving Stamps, \$4.16 in May: one of the best investments it can offer.

This week everyone is asked to agree to buy as many as possible during the year. How many will you promise to buy?

It's your way of fighting the German horror. So pledge heartily, generously.

War Savings Stamps cost \$4.16 in May and 1 cent more each following month. War Savings Stamps are issued by the United States Government, the best possible security. At maturity, January 1st, 1923, they pay you \$5.00 in cash. In case of necessity they can be cashed without loss on ten days notice.

War Savings Stamps pay you \$5.00 cash in 1923.

Soon this broad land of ours will be clothed in its mantle of green and both man and beast will enjoy its grandeur.
The Revival meeting at this place is still in progress.
The correspondent from Point in last week's issue of the Gazette, stated that the auditors of Napier Twp., would not allow hands working on the road more than \$2.00 and that the Supervisors are getting the blame for the bad roads, not being able to procure hands at this wage, certainly our brother correspondent is lacking in this part of the road law or has been wrongly informed on this matter. The auditors do not fix the wages of the hands who work on the roads of Napier Township; The Supervisors alone of this Township regulate the wage scale and if there be any censure it cannot rest on the auditors of Napier Township.
There will be a Sunday school Convention held at this place on Saturday, May 25th. All invited.
Edward Hinson and family of Johnstown paid relatives here a visit over Saturday and Sunday.
Early Oylor is about again.
Mrs. Wm. Moore is still very ill.
Martin Horne and wife, of Windber paid his mother, Mrs. Rebecca Horne of this place, a visit over Sunday.
